

YOUR BRAND HERE

Data format: 610 x 510 mm

The format in which your print data should be created. Included in this format are: **5mm overlap**.

This bleed will be removed by us during production.
Please always place backgrounds and bleed-off objects up to the edge of your data format in order to avoid white margins.

Cutting line

You will receive your finished print product in this format.

Safety distance: 5 mm (on all sides)

This is measured from the data format and prevents unwanted bleeds in your texts and information during production.
